Continuously Quoted Securities

This Prospectus is a transaction specific prospectus for an offer of continuously quoted securities (as defined in the Corporations Act) and Options over continuously quoted securities, and has been prepared in accordance with section 713 of the Corporations Act. It does not contain the same level of disclosure as an initial public offering prospectus. In making representations in this Prospectus regard has been had to the fact that the Company is a disclosing entity for the purposes of the Corporations Act and certain matters may reasonably be expected to be known to investors and professional advisers whom potential investors may consult.

ASIC Instrument

In certain circumstances, a listed company may undertake a security purchase plan in accordance with *ASIC Corporations (Share and Interest Purchase Plans) Instrument 2019/547 (ASIC Instrument)*. The ASIC Instrument allows a security purchase plan to be conducted without the use of a prospectus provided that certain requirements are met.

The Company is unable to rely on the ASIC Instrument as (without limitation) the ASIC Instrument only applies to the issue of SPP Shares (and not SPP Options). Accordingly, the Company is conducting the SPP Offer pursuant to this Prospectus.

TMD

In accordance with the product design and distribution obligations under the Corporations Act, the Company has determined the target market for the SPP Options, Placement Options and Convertible Note Options offered under this Prospectus. The Company will only distribute this Prospectus to those investors who fall within the target market determination (**TMD**) as set out on the Company's website at <https://way2vat.com/>. By making an Application for SPP Options, Placement Options and/or Convertible Note Options under an Offer, you warrant that you have read and understood the TMD and that you fall within the target market set out in the TMD.

Exposure period

Important information on price risk to consider

Before deciding whether to apply for New Securities, you should refer to the current market price of the Shares, which can be obtained from your stockbroker, your financial adviser or via the ASX website.

Subscription for New Securities is a highly speculative investment and the market price of Shares may change between the date you apply for New Securities and the issue of New Securities to you (if the Company elects to issue New Securities to you). Accordingly, the value of New Securities applied for is likely to rise or fall. Importantly, there is a risk that during the period between the time of the Offers and when any

New Securities are issued to you (if any), the price at which Shares are traded on ASX may decrease (and it may continue to be less than the issue price of A\$0.022 per SPP Share). You must rely on your own knowledge of the Company and previous disclosures made by the Company to ASX (including disclosure regarding risks of making an investment in the Company). In determining whether you wish to apply to participate in an Offer (if eligible) and the extent to which you apply to participate, you should seek your own personal financial and/or taxation advice referable to your personal circumstances.

Speculative investment

An investment in any of the New Securities should be considered highly speculative. Refer to Section 4 for a non-exhaustive list of key risks applicable to an investment in the Company.

These risks, together with other general risks applicable to all investments in listed securities not specifically referred to, may affect the value of the New Securities in the future. Accordingly, an investment in the Company should be considered highly speculative. Persons wishing to apply for New Securities should read this Prospectus in its entirety and the Company's ASX announcements.

This Prospectus does not take into account the investment objectives, financial or taxation or particular needs of any Applicant. Before making any investment in the Company, each Applicant should consider whether such an investment is appropriate to their particular needs, and considering their individual risk profile for highly speculative investments, investment objectives and individual financial circumstances. If persons considering applying for New Securities have any questions, they should consult their stockbroker, solicitor, accountant or other professional adviser.

No representation, forecast or guarantee is given of whether the New Securities will make a return on the capital invested, whether dividends will be paid on Shares or whether there will be an increase in the value of the New Securities in the future.

Forward-looking statements

This Prospectus contains forward-looking statements which may be identified by words such as 'believes', 'estimates', 'expects', 'intends', 'may', 'will', 'would', 'could', or 'should' and other similar words that involve risks and uncertainties. These statements are based on an assessment of present economic and operating conditions, and on a number of assumptions regarding future events and actions that, as at the date of this Prospectus, are expected to take place.

Such forward-looking statements are not guarantees of future performance and involve known and unknown risks, uncertainties, assumptions and other important factors, many of which are beyond the control of the Company, the Directors and management of the Company. Past performance is not a guide to future performance. Key risks associated with an investment in the Company are detailed (non-exhaustively) in Section 4. These and other factors could cause actual results to differ materially from those expressed in any forward-looking statements.

The Company has no intention to update or revise forward-looking statements, regardless of whether new information, future events or any other factors affect the information detailed in this Prospectus, except where required by law.

The Company cannot and does not give assurances that the results, performance or achievements expressed or implied in the forward-looking statements detailed in this Prospectus will actually occur and investors are cautioned not to place undue reliance on these forward-looking statements.

No advice

The information contained in this Prospectus is not financial product advice and does not take into account the investment objectives, financial situation or particular needs (including financial and tax issues) of any prospective investor. This Prospectus should not be construed as financial, taxation, legal or other advice. The Company is not licensed to provide financial product advice in respect of its securities or any other financial products.

No cooling off rights

Cooling off rights do not apply to an investment in New Securities offered under this Prospectus. This means that, unless required by applicable law, you cannot withdraw your Application. The Directors may at any time decide to withdraw this Prospectus and/or any one or more of the Offers.

No incorporation by reference

Any references to documents included on the Company's website or the ASX website are for convenience only, and none of the documents or other information available on those websites is incorporated in this Prospectus by reference.

Risk factors

There a number of risks associated with investing in the Company and in the share market generally. The business, assets and operations of the Company are subject to certain risk factors that have the potential to influence the operating and financial performance of the Company in the future. These risks can affect the value of an investment in the Company.

An investment in the Company is highly speculative in nature and investors should be aware that they may lose some or all of their investment. Prospective investors should read this Prospectus in its entirety, and in particular, consider the risk factors detailed in Section 4, and also read the announcements released by the Company to the ASX.

Currency

All financial amounts detailed in this Prospectus are expressed as Australian dollars unless otherwise stated.

Rounding

Any discrepancies between totals and sums and components in tables detailed in this Prospectus are due to rounding. Any potential fractional entitlements to New Securities will be disregarded (i.e., rounding down to the relevant whole number of New Securities), without refunding any relevant Application Monies in relation to such fractions.

No funds will be raised as a result of the issue of Placement Options under the Placement Options Offer as they are offered on a free attaching basis to the Shares issued (in the case of the Tranche 1 Placement), or to be issued (in the case of the Tranche 2 Placement), under the Placement.

2.3 **Convertible Note Options Offer**

On 31 January 2024, the Company announced that it had entered into subscription agreements to raise A\$1.1 million (before costs) from certain professional and sophisticated investors, being the Convertible Note Investors, pursuant to which the Company agreed to issue, and the Convertible Note Investors agreed will subscribe for, an aggregate of 22 convertible notes each with a face value of A\$50,000 per convertible note (**Convertible Notes**). The Company issued the Convertible Notes on 1 and 29 February 2024, respectively.

In accordance with the terms and conditions of the Convertible Notes, the Convertible Notes will convert into Shares (among other events) following the announcement of a transaction, or series of transactions, resulting in the Company receiving aggregate gross proceeds of at least A\$2.0 million via the issue of Shares (**Financing Conversion**). The announcement of the Placement and the SPP Offer constitutes a Financing Conversion. Accordingly, the Company proposes to issue up to 63,445,626 Shares to the Convertible Note Investors on conversion of the Convertible Notes pursuant to the Financing Conversion (**Convertible Note Shares**), subject to Shareholder approval.

In addition, the Company is proposing to also issue to the Convertible Note Investors two free attaching Options (on the terms and conditions in Section 5.2) for every three Convertible Note Shares issued pursuant to the Financing Conversion (**Convertible Note Options**), subject to Shareholder approval (notwithstanding that this was not part of the terms of the subscription agreements). Refer to the notice of meeting announced to the ASX on or around the date of this Prospectus for further details of the Convertible Note Options.

The Company is offering pursuant to this Prospectus, up to 42,297,087 Convertible Note Options to the Convertible Note Investors who will be issued Convertible Note Shares, on the basis of two free attaching Convertible Note Options for every three Convertible Note Shares issued pursuant to the Financing Conversion (**Convertible Note Options Offer**).

Only the Convertible Note Investors (and/or their nominee(s)) may apply for Convertible Note Options under the Convertible Note Options Offer.

The Convertible Note Options offered under the Convertible Note Options Offer will (if they are issued) be issued on the terms and conditions detailed in Section 5.2. If the Convertible Note Options are exercised, the Shares to be issued upon such exercise will be of the same class and will, from their time of issue, rank equally in all respects with the Company's existing Shares on issue.

A Convertible Note Options Application Form in relation to the Convertible Note Options Offer will be sent to the Convertible Note Investors (and/or their nominee(s)) together with a copy of this Prospectus. See Section 2.11 for further details.

No funds will be raised as a result of the issue of Convertible Note Options under the Convertible Note Options Offer as they are offered on a free attaching basis to the Convertible Note Shares issued pursuant to the Financing Conversion.

2.4 **Shareholder approval**

The Company is seeking Shareholder approval for (amongst other matters) the issues of the SPP Securities, the Shares under the Tranche 2 Placement, the Placement Options, the Convertible Note Shares and the Convertible Note Options, which approval is to be sought at a general meeting of the Company, scheduled to be held on Wednesday, 10 April 2024 (**General Meeting**). The Company proposes to seek quotation of the SPP Options, Placement Options and Convertible Note Options subject to satisfying the quotation requirements of ASX.

The Company will announce the results of the General Meeting to the ASX following the General Meeting on Wednesday, 10 April 2024.

The SPP Offer is being made subject to Shareholders approving the issue of SPP Securities pursuant to the SPP Offer for the purposes of Listing Rule 7.1, which approval will be sought at the

upcoming General Meeting. Shareholder approval is required for the proposed issue of SPP Shares under the SPP Offer because Listing Rule 7.2, exception 5 (that would otherwise permit the SPP Shares to be issued under a share purchase plan without Shareholder approval) is not satisfied in this instance, for example due to the ASIC Instrument not applying to the SPP Offer and the Issue Price being lower than the discount permitted by Listing Rule 7.2, exception 5.

If Shareholder approval is not obtained for the issue of SPP Securities under the SPP Offer, then the Company will not be able to proceed with the issue of the SPP Securities and Applicants for SPP Securities will not be issued any SPP Securities and the Company will refund all Application Monies without interest.

It is not proposed for any related party of the Company to participate in the SPP Offer (noting that Listing Rule 10.12, exception 4 (that would otherwise permit the SPP Shares to be issued to related parties under a share purchase plan without Shareholder approval) is not satisfied in this instance, for the same reasons as detailed above in relation to Listing Rule 7.2, exception 5).

In addition, if Shareholder approval is not obtained for the issue of the Placement Options and/or the Convertible Note Options, the issue of those Options will not be able to proceed as the Company does not have the available placement capacity to issue those Options without Shareholder approval under Listing Rule 7.1.

None of the Offers are conditional upon the completion of any other Offer.

2.5 **Purpose of this Prospectus**

The purpose of this Prospectus is to:

- (a) make the Offers;
- (b) facilitate any potential secondary trading of the New Securities; and
- (c) facilitate any potential secondary trading of the Shares to be issued upon exercise of the SPP Options, Placement Options and Convertible Note Options. Issuing the SPP Options, Placement Options and Convertible Note Options under this Prospectus will enable persons who are issued SPP Options, Placement Options and/or Convertible Note Options to on-sell the Shares issued upon exercise of those Options, pursuant to ASIC Corporations (Sale Offers That Do Not Need Disclosure) Instrument 2016/80.

However, the Company is not specifically proposing to issue the New Securities for the purpose of the persons to whom they are issued selling or transferring their New Securities, or granting, issuing or transferring interests in, or options or warrants over, their New Securities.

2.6 **Minimum subscription**

There is no minimum subscription in relation to the SPP Offer.

2.7 **Oversubscriptions**

The Company will not accept any oversubscriptions in relation to the SPP Offer.

2.8 **Not underwritten**

The SPP Offer is not underwritten.

2.9 **Shareholders eligible to apply to participate in the SPP Offer**

Eligible Shareholders will be those Shareholders that satisfy all of the below:

- (a) who were registered as a holder of Shares as at 7:00pm (AEDT) on 27 February 2024 (**Record Date**);
- (b) who were recorded on the Register with an address in Australia, New Zealand, Israel, Hong Kong, Singapore or Thailand;
- (c) who are not resident or located in the United States, and not acting for the account or benefit of persons in the United States; and

- (d) who are not resident or located in any other jurisdiction in or into which an offer of SPP Securities would be unlawful,

(Eligible Shareholder).

The SPP Offer to each Eligible Shareholder is made on the same terms and conditions.

Your rights under the SPP Offer are personal to you and the SPP Offer is non-renounceable (i.e., you may not transfer your right to apply for SPP Securities to anyone else).

To apply to participate in the SPP Offer, follow the instructions in this Prospectus (including in Sections 2.11 and 2.13) and the SPP Application Form.

If you are the only registered Eligible Shareholder of a holding of Shares, but you receive more than one SPP Offer (for example, because you hold Shares in more than one capacity), you may only apply for one parcel of SPP Shares with a value of up to A\$30,000 (which may be subject to scale back in accordance with Section 2.12).

If two or more persons were registered on the Register at 7:00pm (AEDT) on the Record Date as jointly holding Shares, then they are taken to be a single registered holder of Shares and a certification given by any of them is taken to be a certification given by all of them. If a joint holder receives more than one SPP Offer due to multiple holdings, then the joint holder may only apply in aggregate for up to the maximum amount of A\$30,000 in total (however, please refer to Section 2.15 for information on Custodians).

The Company reserves the right to reject any Application for SPP Securities under this Prospectus for any reason, such as to the extent it considers that the Application (whether alone or in conjunction with other Applications) does not comply with these requirements.

2.10 **Opening Date and Closing Date of the Offers**

The opening date for the Offers is Wednesday, 20 March 2024 (**Opening Date**).

The closing date for the Offers is 7:00pm (AEST) on Friday, 12 April 2024 (**Closing Date**).

Late applications will not be accepted. However, the Directors reserve their right, subject to the Corporations Act and the Listing Rules, to vary the Closing Date without prior notice including closing any one or more of the Offers early or late. If the Closing Date is varied, subsequent dates may also be varied accordingly.

2.11 **Application Forms**

The Company will send this Prospectus, together with the Application Form, to selected persons whom the Directors determine are eligible to participate in an Offer.

Applications must comply with this Prospectus and the instructions on the relevant Application Form. An Application is an offer by the Applicant to the Company to apply for the amount of New Securities specified in the Application Form (or, in the case of the SPP Offer, the number of SPP Shares the subject of the relevant Application Monies paid to the Company by BPAY® or EFT payment with or without lodging the Application Form), or any lesser number of New Securities determined by the Company, on the terms set out in this Prospectus.

The Company's decision on the number of New Securities to be issued to an Applicant under any of the Offers (or whether to refuse to issue New Securities) will be final.

(a) **SPP Offer**

If you wish to subscribe for SPP Securities under the SPP Offer, please pay your Application Monies in accordance with the instructions in the SPP Application Form and Section 2.13.

Pursuant to the SPP Offer, Eligible Shareholders may apply for a maximum of A\$30,000 worth of SPP Shares (being 45,454,545 SPP Shares and the corresponding 30,303,030 SPP Options). Eligible Shareholders may participate by selecting one of the following options to make an Application for SPP Securities under the SPP Offer:

Parcel	Application Monies	Number of SPP Shares	Number of attaching SPP Options
A	A\$30,000	1,363,636	909,090
B	A\$25,000	1,136,363	757,575
C	A\$20,000	909,090	606,060
D	A\$15,000	681,818	454,545
E	A\$10,000	454,545	303,030
F	A\$5,000	227,272	151,514
G	A\$2,500	113,636	75,757

The above table details the number of SPP Securities that would be issued for different amounts of Application Monies (assuming there is no scale back of applications) and assuming the Company accepts the Application and elects to issue those SPP Securities (which election is in the Company's sole discretion). Where the amount applied for results in a fraction of a SPP Security, the number of SPP Securities issued will be rounded down to the nearest whole number.

If you do not provide the exact amount of Application Monies, the Company reserves its right to return your Application Monies or round your Application Monies down to the next valid parcel. If the Company returns all your Application Monies, no SPP Securities will be issued to you.

If an Eligible Shareholder applies for an amount which is not exactly divisible by the Issue Price, in calculating the number of SPP Shares to be issued, all fractional entitlements will be rounded down to the nearest whole number of Shares. The Company will not refund any resulting small excess in subscription monies (i.e., A\$5 or less) which will be deemed to form part of the aggregate Issue Price for the SPP Shares.

The SPP Offer is non-renounceable, which means that Eligible Shareholders may not transfer their rights to apply for any SPP Securities offered under the SPP Offer.

SPP Application Forms and payments under the SPP Offer are irrevocable and may not be withdrawn once the Company receives it. Applications may be scaled back or rejected, at the absolute discretion of the Company.

If the SPP Application Form is not completed correctly it may still be treated as valid. The Directors' decision as to whether to treat the SPP Application Form as valid and how to construe, amend or complete it is final.

Payment by the Applicant (who is an Eligible Shareholder) to the Company of Application Monies (whether with or without lodgement of a SPP Application Form) and subsequent allocation of SPP Securities by the Company to that Applicant (which decision is in the sole discretion of the Company) together create a legally binding contract between the Applicant and the Company for the number of SPP Securities accepted by, and allocated by, the Company.

An SPP Application Form does not need to be lodged, as payment of the Application Monies in accordance with the procedures set out in the SPP Application Form and Section 2.13 constitute an Application for SPP Securities. Any SPP Application Form which is lodged with the Company or the Company's share registry does not need to be signed to be a binding application for SPP Securities.

(b) **Placement Options Offer**

Applications for Placement Options under the Placement Options Offer may only be submitted by the Placement Investors and must be made using the Placement Options Application Form that accompanies this Prospectus and is provided directly to the Placement Investors. The Placement Options Application Form must be completed in accordance with instructions provided in the Placement Options Application Form.

No monies are payable for the Placement Options offered pursuant to this Prospectus as the Placement Options are being issued on the basis of two free attaching Placement Options for every three Shares issued under the Placement.

Where the amount applied for results in a fraction of a Placement Option, the number of Placement Options issued will be rounded down to the nearest whole Placement Option.

Acceptance of a completed Placement Options Application Form by the Company and subsequent allocation of Placement Options by the Company (which decision is in the sole discretion of the Company) together create a legally binding contract between the Applicant and the Company for the number of Placement Options accepted by, and allocated by, the Company. The Placement Options Application Form does not need to be signed to be a binding application for Placement Options.

If the Placement Options Application Form is not completed correctly it may still be treated as valid. The Directors' decision as to whether to treat the Placement Options Application Form as valid and how to construe, amend or complete it is final.

(c) **Convertible Note Options Offer**

Applications for Convertible Note Options under the Convertible Note Options Offer may only be submitted by the Convertible Note Investors (and/or their nominee(s)) and must be made using the Convertible Note Options Application Form that accompanies this Prospectus and is provided directly to the Convertible Note Investors. The Convertible Note Options Application Form must be completed in accordance with instructions provided in the Convertible Note Options Application Form.

No monies are payable for the Convertible Note Options offered pursuant to this Prospectus as the Convertible Note Options are being issued on the basis of two free attaching Convertible Note Options for every three Convertible Note Shares issued pursuant to the Financing Conversion.

Where the amount applied for results in a fraction of a Convertible Note Option, the number of Convertible Note Options issued will be rounded down to the nearest whole Convertible Note Option.

Acceptance of a completed Convertible Note Options Application Form by the Company and subsequent allocation of Convertible Note Options by the Company (which decision is in the sole discretion of the Company) together create a legally binding contract between the Applicant and the Company for the number of Convertible Note Options accepted by, and allocated by, the Company. The Convertible Note Options Application Form does not need to be signed to be a binding application for Convertible Note Options.

If the Convertible Note Options Application Form is not completed correctly it may still be treated as valid. The Directors' decision as to whether to treat the Convertible Note Options Application Form as valid and how to construe, amend or complete it is final.

2.12 **Scale back, oversubscriptions or refusal of Application pursuant to the SPP Offer**

The Company may raise up to a total of A\$1 million (before costs) pursuant to the SPP Offer. The Company reserves the right to scale back applications (in whole or in part) pursuant to the SPP Offer (or withdraw the SPP Offer). Consequently, the Directors reserve the right to reject any Application or to allocate any Applicant fewer SPP Shares (and fewer corresponding SPP Options) under the SPP Offer than the number applied for.

Factors which the Directors may take into account in determining any scale back include, but are not limited to:

- (a) the size of an Eligible Shareholder's shareholding at the Record Date;
- (b) the extent to which the Eligible Shareholder has sold or purchased Shares since the Record Date;
- (c) whether the Eligible Shareholder may have multiple registered holdings;
- (d) the amount applied for by each Eligible Shareholder;
- (e) the date on which the Application was made;
- (f) the total Applications received from Eligible Shareholders; and
- (g) any other such criteria as determined by the Directors in their absolute discretion.

If there is a scale back, you may not receive all the SPP Securities for which you have applied. If a scale back produces a fractional number when applied to the number of SPP Securities for which you have applied, the number of SPP Securities issued to you will be rounded down to the nearest whole number of SPP Securities.

If there is a scale back, the difference between the Application Monies received from you, and the number of SPP Shares issued to you multiplied by the Issue Price, will be refunded to you in full (in A\$ and without interest and at your sole risk).

The Directors reserve their right (in their absolute discretion) to refuse an Application (in whole or in part), such as if they consider that:

- (a) it is reasonable and prudent to do so;
- (b) the Applicant is not an Eligible Shareholder;
- (c) the issue of those SPP Securities may contravene any applicable law, rule or regulation in any jurisdiction (including without limitation the Corporations Act or the Listing Rules) or the requirements of any regulatory or governmental body or may require further action to be taken by the Company including, without limitation, registration of Shares or the preparation of a prospectus in any jurisdiction; or
- (d) the Applicant has not otherwise complied with the terms and conditions in this Prospectus.

If an Application is refused in whole or in part, the relevant Application Monies will be returned to the Applicant (in A\$ and without interest and at the Applicant's sole risk). The Company will be entitled to retain all interest that accrues on the bank account and each Applicant waives the right to claim interest.

All Directors' decisions in connection with a scale back or refusal of an Application are final.

2.13 **Payment of Application Monies**

The Issue Price of SPP Shares under the SPP Offer is A\$0.022 per SPP Share.

For Eligible Shareholders participating in the SPP Offer, Application Monies must be received by the Company by 7:00pm (AEST) on the Closing Date.

(a) **Payment by BPAY® (Australian Applicants)**

For payment by BPAY®, please follow the instructions on the SPP Application Form.

You can only make a payment via BPAY® if you are the holder of an account with an Australian financial institution that supports BPAY® transactions. Please note that should you choose to pay by BPAY®:

- (i) you do not need to submit the SPP Application Form, but are taken to have made the declarations in the SPP Application Form; and
- (ii) if you do not pay an amount equal to one of the amounts of Application Monies detailed in the table in Section 2.11(a), you will be deemed to have applied for the

number of SPP Securities which correspond to the amount of Application Monies in that table that is the next lowest compared to your payment. In this event, the additional Application Monies will be refunded promptly, and without interest, following Friday, 12 April 2024 (or such other date as the Board determines).

It is your responsibility to ensure that your BPAY® payment is received by the Company's share registry by no later than 7:00pm (AEST) on the Closing Date. You should be aware that your financial institution may implement earlier cut-off times with respect to electronic payment and you should therefore take this into consideration when making payment. No interest will be paid on any Application Monies received or refunded.

(b) Payment by EFT (Overseas Applicants)

If you are an Eligible Shareholder located in New Zealand, Israel, Hong Kong, Singapore or Thailand, you may elect to make payment by EFT. Please follow the instructions on the SPP Application Form for details on how to pay via EFT. Please note that should you choose to pay by EFT:

- (i) you do not need to submit the SPP Application Form but are taken to have made the declarations on that SPP Application Form;
- (ii) if you do not pay an amount equal to one of the amounts of Application Monies detailed in the table in Section 2.11(a), you will be deemed to have applied for the number of SPP Securities which correspond to the amount of Application Monies in that table that is the next lowest compared to your payment. In this event, the additional Application Monies will be refunded promptly, and without interest, following Friday, 12 April 2024 (or such other date as the Board determines); and
- (iii) if you have multiple holdings, you will have multiple EFT unique reference numbers. You must use the unique reference number shown on a particular personalised SPP Application Form when paying for any SPP Shares that you wish to apply for in respect of that holding. Payments in excess of the amount payable for one holding will not be treated as payment for another holding, and the excess will be refunded to the Applicant without interest. If you receive more than one SPP Offer (for example, because you hold Shares in more than one capacity), you may only apply for one parcel of SPP Shares with a value of up to A\$30,000 (which may be subject to scale back in accordance with Section 2.12).

If you make a BPAY® or EFT payment to apply for SPP Shares, you do not need to return the SPP Application Form. However, you must quote your reference number provided on your personalised SPP Application Form which will process your payment to your Application. Please ensure you make a payment for the exact amount of the SPP Share parcel for which you wish to subscribe. You will be deemed to have applied for such parcel of SPP Shares for which you have paid.

2.14 Effect of making an application under the SPP Offer

If you apply for SPP Securities (including (without limitation) by submitting payment by BPAY® or EFT), you:

2.15 Custodians, trustees and nominees

If you are an Eligible Shareholder and hold Shares as a Custodian, you may apply for up to the maximum of 1,363,636 SPP Shares and 909,090 SPP Options for each beneficiary for whom you, as an Eligible Shareholder, acted as Custodian at 7:00pm (AEDT) on the Record Date and continue to act as their Custodian, provided you provide a certificate to the Company (**Custodian Certificate**) with the following information:

- (a) that you held Shares in the Company on behalf of one or more other persons (each a **Participating Beneficiary**) at 7:00pm (AEDT) on the Record Date who have subsequently instructed you to apply for SPP Shares (and free attaching SPP Options) under the SPP Offer on their behalf;
- (b) the number of Participating Beneficiaries and their names and addresses;
- (c) the number of Shares that you hold on behalf of each Participating Beneficiary;

Custodians should request a Custodian Certificate when making an Application on behalf of Participating Beneficiaries. Custodian Certificates must be provided via email to custodialcertificates@automicgroup.com.au before the Closing Date. To request a Custodian Certificate and if you would like further information on how to apply, you should contact the Company Secretary via email at emily.austin@automicgroup.com.au before the Closing Date.

The Company reserves the right to reject any Application for SPP Securities under this Prospectus, such as to the extent that it considers that the Application (whether alone or in conjunction with other applications) does not comply with these requirements.

2.16 Powers of the Company in relation to Applications

There is no assurance that any Applicant will be allocated any New Securities, or the number of New Securities for which the Applicant has applied. The Board may (without limitation) in its absolute discretion, without notice to any Applicant and without giving any reason:

- (a) withdraw any one or more of the Offers at any time before the issue of New Securities to successful Applicants;
- (b) decline an Application;
- (c) accept an Application for its full amount or any lower amount;
- (d) determine a person to be eligible or ineligible to participate in one or more of the Offers;
- (e) waive or correct any errors made by an Applicant in completing their Application Form;
- (f) amend or waive the Offers application procedures or requirements in compliance with applicable laws; or
- (g) aggregate any Applications that they believe may be multiple Applications from the same person.

The Company may settle any dispute in connection with the Offers in any manner it thinks fit, whether generally or in relation to any Applicant, Application or New Securities. The Company's decision will be final and binding.

The Company reserves its right to waive strict compliance with any terms and conditions of any one or more of the Offers.

2.17 ASX Quotation

Application will be made to the ASX no later than seven days after the date of this Prospectus for Official Quotation of the New Securities offered under this Prospectus.

The SPP Options, Placement Options and Convertible Note Options will only be admitted to Official Quotation by ASX if the conditions for quotation of a new class of securities are satisfied.

Failure to obtain Official Quotation of the SPP Options, Placement Options and/or Convertible Note Options will not prevent the issue of the SPP Options, Placement Options and Convertible Note Options and will not cause any such issue to be void pursuant to the Corporations Act, as the Offers are not conditional upon Official Quotation of the SPP Options, Placement Options and Convertible Note Options being granted.

If Official Quotation of the SPP Options, Placement Options and/or Convertible Note Options is not granted, the SPP Options, Placement Options and/or Convertible Note Options issued pursuant to the Offers will not be able to be traded on the ASX.

However, the SPP Offer is conditional on the relevant SPP Shares which are issued pursuant to the SPP Offer being admitted to Official Quotation by ASX before the expiration of three months after the date of issue of this Prospectus (or within such longer period as may be permitted by law).

If the SPP Shares are not admitted to Official Quotation by ASX before the expiration of three months after the date of issue of this Prospectus (or within such longer period as may be permitted by law) any issue of SPP Securities will be void and the Company will repay all Application Monies for the SPP Shares within the time prescribed under the Corporations Act, without interest.

ASX takes no responsibility for the contents of this Prospectus. The fact that the ASX may grant Official Quotation is not to be taken in any way as an indication of the merits of the Company, the SPP Securities, the Placement Options or the Convertible Note Options to be issued.

2.18 Refunds

Refunds pursuant to the SPP Offer may be paid under various circumstances detailed in this Prospectus. If a refund is made, payment will be made by EFT to your nominated Australian bank account. Please note that you can update your bank details at <https://investor.automic.com.au/#/home>. You will not receive interest on any funds refunded to you.

2.19 Costs of participation

No brokerage, commissions or other transaction costs will be payable by Eligible Shareholders in respect of the Application for, and allotment of SPP Securities under the SPP Offer.

2.20 CHES

The Company participates in the Clearing House Electronic Sub-Register System, known as CHES, operated by ASX Settlement (a wholly owned subsidiary of the ASX), in accordance with the Listing Rules and ASX Settlement Operating Rules.

The Company will not issue certificates to holders of SPP Shares (nor, assuming ASX grants Official Quotation of the SPP Options, Placement Options and/or Convertible Note Options, to holders of those Options). Rather, holding statements (similar to bank statements) would be dispatched to holders of New Securities as soon as practicable after issue. Holding statements would be sent either by CHES (for New Security holders who elect to hold New Securities on the CHES sub-register) or by the Company's share registry (for New Security holders who elect to hold their New Securities on the issuer sponsored sub-register). The statements would set out the number of New Securities issued under this Prospectus and the Holder Identification Number (for New Security holders who elect to hold New Securities on the CHES sub register) or Shareholder Reference Number (for New Security holders who elect to hold their New Securities on the issuer sponsored sub-register). Updated holding statements will also be sent to each New Security holder following the month in which the balance of their New Securities holding changes, and also as required by the Listing Rules and the Corporations Act.

Alternatively, if the ASX does not grant Official Quotation of the SPP Options, Placement Options and/or Convertible Note Options, the Company will instead issue certificates to the holders of those Options.

2.26 **Enquiries concerning Prospectus**

Enquiries relating to this Prospectus or the Offers should be directed to the Company's share registry, Automic Group Pty Ltd on 1300 288 664 (within Australia) or +61 2 9698 5414 (outside Australia) between 8:30am and 7:00pm (AEDT) Monday to Friday (excluding public holidays) during the offer period for the Offers or via email at corporate.actions@automicgroup.com.au.

3 Purpose and Effect of the Offers

3.1 Effect of the Offers on the Company and Use of Funds

The Placement and SPP Offer are being undertaken for the Company to raise up to approximately A\$5.25 million (before costs). Of that total amount which may be raised, approximately A\$2,096,869 has already been received by the Company as the aggregate issue price for the Tranche 1 Placement.

The above amounts exclude any funds which may be raised in future from any exercise of the SPP Options, Placement Options and Convertible Note Options issued pursuant to this Prospectus.

Funds raised from issue of Shares pursuant to the Placement and from the issue of SPP Shares, and any exercise of the SPP Options, Placement Options and Convertible Note Options, are indicatively proposed to be used towards:

- (a) fund general working capital to continue the Company's growth trajectory – noting that the Company continues to sign up new enterprise clients and enters into contracts with those clients to perform VAT/GST reclaim services;
- (b) accelerate recent initiatives undertaken to expedite the pathway to profitability, in particular, the Company has announced that it has launched an AI driven automated auditing product, 'AI-AP Compliance' for use in 80 countries; and
- (c) explore and undertake due diligence activities on any potential growth opportunities.

As with any budget, intervening events and new circumstances have the potential to affect the manner in which the funds are ultimately applied. The Board reserves the right to alter the way funds are applied.

To the extent the SPP Offer is not fully subscribed, the Company will seek to appropriately scale back and or delay its discretionary spending, while it seeks alternative sources of funding (as required).

No funds will be raised from the issue of the SPP Options, Placement Options or Convertible Note Options (other than funds which may be raised if those Options are subsequently exercised) as the SPP Options, Placement Options and the Convertible Note Options are free-attaching to Shares issued under the SPP Offer, the Placement and the Financing Conversion, respectively, on a two for three basis.

3.2 Effect on the Capital Structure

The effect of the Offers on the capital structure of the Company, assuming the maximum numbers of New Securities are issued pursuant to the Offers (and assuming the Shares pursuant to the Tranche 2 Placement and Convertible Note Shares) are issued, is as follows (actual figures may vary, for example due to rounding):

	Shares	Options
Securities on issue as at the date of this Prospectus	747,211,213 ¹	99,892,651
Shares to be issued under the Tranche 2 Placement ²	97,869,576	-
SPP Securities to be issued under the SPP Offer (assuming maximum number of SPP Shares are issued) ³	45,454,545	30,303,030
Placement Options to be issued under the Placement Options Offer ⁴	-	128,787,878

	Shares	Options

Convertible Note Options to be issued under the Convertible Note Options Offer ⁶	-	42,297,087
TOTAL⁷	953,980,960	301,280,646

Notes:

- This figure comprises the following:
 - 95,312,242 Shares that were issued under the Tranche 1 Placement on 6 March 2024; and
 - 290,539 Shares that are subject to escrow.
- The Shares under the Tranche 2 Placement are anticipated to be issued on or around Wednesday, 17 April 2024 (subject to Shareholder approval at the General Meeting).
- This assumes the maximum amount of A\$1 million is raised pursuant to the SPP Offer. The SPP Securities under the SPP Offer are subject to Shareholder approval at the General Meeting.
- The Placement Options to be issued under the Placement Options Offer are subject to Shareholder approval at the General Meeting. The terms and conditions of the Placement Options are detailed in Section 5.2.
- The Convertible Note Shares are anticipated to be issued on or around Wednesday, 17 April 2024 (subject to Shareholder approval at the General Meeting). Refer to the Company's ASX announcement on 31 January 2024 for further details.
- The Convertible Notes Options to be issued under the Convertible Notes Options Offer are subject to Shareholder approval at the General Meeting. The terms and conditions of the Convertible Notes Options are detailed in Section 5.2.
- On a fully diluted basis, assuming all of the Options detailed above convert into Shares, the Company's issued capital detailed above would equate to 1,255,261,606 Shares. No forecast is made of whether any Options will be exercised or converted into Shares.

3.3 Effect of the Offers on control of the Company

The Company is not subject to Chapters 6, 6A, 6B and 6C of the Corporations Act dealing with the acquisition of its shares (including substantial holdings and takeovers), as it is a company incorporated in Israel. However, the Company does not anticipate that the participation under the Offers will result in any of the Shareholders having a holding of more than 25% (being the applicable takeovers threshold under the Companies Law).

3.4 Pro Forma Statement of Financial Position

The pro forma statement of financial position of the Company as at 31 December 2023 has been prepared by the Company based on the unaudited statement of financial position as at 31 December 2023, and adjusted to reflect pro forma assets and liabilities of the Company as if completion of the SPP Offer, Placement and the issue of Convertible Notes had occurred by 31 December 2023.

The pro-forma financial information has not been audited or reviewed and, other than the estimated costs of the SPP Offer, Placement and the issue of Convertible Notes, it does not include the indicative expenditure of the proceeds of the SPP Offer, Placement or the issue of Convertible Notes.

The pro forma financial information is presented in an abbreviated form, in so far as it does not include all of the disclosure statements or comparative information required by IFRS applicable to the Company's annual financial statements.

The financial information should be read in conjunction with the risk factors described in Section 4, and other information detailed within or referred to in this Prospectus, including the Company's other periodic and continuous disclosure announcements referred to in Section 5.4.

4 Risk Factors

The New Securities offered under this Prospectus should be considered highly speculative because of the nature of the business activities of the Company and no assurances can be made that the Company's business operations will be successful. Potential investors should consider whether the New Securities offered are a suitable investment having regard to their own personal investment objectives and financial circumstances and the risk factors detailed below.

Potential investors should be aware of the risks specific to an investment in the Company, which may include, but are not limited to those risks detailed below.

This list is not exhaustive and potential investors should read this Prospectus in its entirety and the Company's ASX announcements and if in any doubt consult their professional adviser before deciding whether to participate in the Offers.

4.1 Specific Risks Associated with Way2VAT

(a) Future Capital Needs and Additional Funding

At present, Way2VAT is not operating on a cash flow positive basis, meaning it is reliant on raising additional funds from investors to continue to fund its operations and development of its platform. Way2VAT intends to continue to spend significant funds to develop its platform, expand its sales and marketing and grow its operations as well as meet the compliance obligations, resulting in further net losses in the future.

The Directors consider that the Placement and the SPP Offer will provide Way2VAT with sufficient capital to continue to operate as a going concern and progress and grow its operations. However, Way2VAT may require additional funding in the future to finance ongoing operations and realise its growth strategy. The future capital requirements of Way2VAT (both in respect to timing and quantum) will depend on many factors, including whether Way2VAT can grow existing revenues and achieve its business strategy/plan, as the Company targets operating on a breakeven basis.

No assurances can be given that Way2VAT will be able to raise additional funding and Way2VAT's ability to obtain additional funding will depend on investor demand, its performance and reputation, market conditions and other factors. Way2VAT may seek to raise further funds through equity or debt financing or other means. Failure to obtain sufficient financing for Way2VAT's activities and business may have a material adverse effect on Way2VAT's business and its financial condition and performance. There can be no assurance that additional capital or other types of financing will be available if needed or that, if available, the terms of such financing will be favourable. If Way2VAT continues to incur losses in the future, the net losses and negative cash flows may have an adverse effect on shareholder equity and Way2VAT's working capital.

(b) Loss of client relationships

The success of Way2VAT's business will depend on its continued relationships with its existing clients. There can be no guarantee that these relationships will continue or, if they do continue, that these relationships will continue to be successful.

There is a risk that Way2VAT may lose its clients for a variety of reasons including a failure to successfully reclaim VAT, meet key contractual or commercial requirements, and/or customers shifting to in-house solutions or competitor service providers.

Although Way2VAT does not currently depend on any one customer for its revenue, the Way2VAT business is still at a relatively early stage and client revenue is not as diversified as it might be for a more mature business. The loss of even a small number of Way2VAT's clients may materially and adversely impact Way2VAT's revenue, and increase marketing expenses to sign up new clients to replace those lost. Depending on the reason for the loss of a clients, it may also have a negative impact on Way2VAT's reputation with other clients.

There is also a risk that new agreements formed with clients in the future may be less favourable to Way2VAT, including in relation to commission and other key terms, due to unanticipated changes in the market in which Way2VAT operates.

(c) **Failure to increase reclaim volumes, number of clients or establish its brand**

Way2VAT considers that establishing, expanding and maintaining the Way2VAT brand is important to growing its client base. Failure to expand in this way may materially and adversely impact Way2VAT's ability to achieve economies of scale and to optimise its systems, and may therefore adversely impact Way2VAT's ability to achieve future profitability.

Way2VAT's growth strategy may also include the introduction of new services or technologies. There is a risk that expansion initiatives may result in additional costs and risks, or may not deliver the outcomes intended. Way2VAT's strategy depends on increasingly expanding the number clients, which may not eventuate as hoped.

(d) **Compliance with laws, treaties, regulations and industry compliance standards**

Way2VAT is subject to a range of legal and industry compliance requirements that are constantly changing. This includes taxation laws and treaties, privacy laws, anti-money laundering procedures, data protection laws and contractual conditions, including:

- (i) the EU Sixth Council Directive;
- (ii) the Refund Directive (2008/09/EC);
- (iii) the 13th EU VAT Directive; and
- (iv) EU GDPR regulation.

In addition, there is potential that Way2VAT may become subject to additional legal or regulatory requirements if its business, operations, strategy or geographic reach expand in the future. This may potentially include the requirement to register as a tax agent and/or representative or other licensing or regulatory requirements or similar limitations on the conduct of business.

There is a risk that additional or changed legal, regulatory or licensing requirements, and industry compliance standards, may make it unviable or uneconomic for Way2VAT to continue to operate in certain jurisdiction, or to expand in accordance with its strategy. This may materially and adversely impact Way2VAT's revenue and ability to achieve profitability, including by preventing its business from reaching a sufficient scale.

There is also a risk that if Way2VAT fails to comply with these laws, regulations and industry compliance standards, this may result in significantly increased compliance costs, cessation of certain business activities or the ability to conduct business, litigation or regulatory enquiry or investigation and significant reputational damage.

(e) **Reliance on tax agents and representatives**

Way2VAT's business and operations is largely dependent on various third parties, including its tax agents, representatives, legal advisers and consultants. Way2VAT relies heavily on its tax agents, representatives and consultants in each jurisdiction that it operates in for taxation and VAT and GST reclaim knowledge and there is a risk that its tax agents, representatives, legal advisers and consultants are inadequate.

Although Way2VAT has implemented internal measures to reduce its reliance on its tax agents and representatives and expanded its in-house know how, including via the engagement of employees with extensive VAT compliance backgrounds. The loss of the services of any of its third party representatives, including due to insolvency, loss of key licences, certifications or permits or any other reason, and the inability of Way2VAT to find adequate replacements on a timely basis, or at all, could have a material effect on Way2VAT's business, financial condition, operations and prospects.

(f) **Failure to achieve its growth strategy**

The success of Way2VAT's business is dependent on the achievement of its growth strategy, including (but not limited to), expanding its geographical reach in the enterprise market and further developing the SMB solution. If Way2VAT is unable to enter into future

arrangements to expand its geographical reach or develop these solutions, this may materially and adversely impact Way2VAT's financial performance, reputation and ability to achieve future profitability.

(g) Failures or disruptions to its platform and third party providers

Way2VAT depends on the performance, reliability and availability of its technology system, third party software providers, including the integration with expense management systems, and cloud based platform providers to achieve its business strategy and growth.

There is a risk that these systems may fail to perform as expected or be adversely impacted by a number of factors, some of which may be outside the control of Way2VAT, including damage, equipment faults, power failure, fire, natural disasters, computer viruses, and external malicious interventions such as hacking or denial-of-service attacks. Events of that nature may cause part or all of Way2VAT's technology system and/or the communication networks used by Way2VAT to become unavailable. Way2VAT's operational processes and contingency plans may not adequately address every potential event. This may disrupt transaction flow and adversely impact Way2VAT's financial performance and reputation.

There is a risk that repeated failures to keep Way2VAT's technology available may result in clients cancelling their contracts with Way2VAT. This may materially and adversely impact Way2VAT's financial performance, including a reduction in revenue and an increase in the costs associated with servicing clients through the disruption, as well as negatively impacting Way2VAT's reputation.

(h) Way2VAT may suffer reputational damage

Maintaining the strength of Way2VAT's reputation is important to retaining and increasing its client base, maintaining its relationships with its partners and other service providers and successfully implementing Way2VAT's business strategy. There is a risk that unforeseen issues or events may adversely impact Way2VAT's reputation. This may adversely impact Way2VAT's future growth and its ability to achieve profitability.

Way2VAT's reputation is also closely linked to its ability to successfully reclaim VAT for its clients. There is a risk that Way2VAT's actions and the actions of Way2VAT's agents and representatives may adversely impact Way2VAT's reputation. Any factors that diminish Way2VAT's reputation could result in clients or other parties ceasing to do business with Way2VAT, impede its ability to successfully provide the its VAT and GST reclaim service, negatively affect its future business strategy and materially and adversely impact Way2VAT's financial position and performance.

(i) Risks of an Israeli company

Way2VAT is incorporated in Israel and its development and research and development facilities are based in Israel. Accordingly, political, economic and military conditions in Israel and the surrounding region, and national, company, consumer and other boycotts, may directly affect Way2VAT's business. Any hostilities involving Israel, or the interruption or curtailment of trade within Israel or between Israel and its trading partners, or the mandatory military service obligations of Israeli citizens (including Way2VAT's Israeli-based Directors and key management and scientific personnel) could materially and adversely affect Way2VAT's business and make it more difficult for Way2VAT to raise capital.

Furthermore, several countries, principally in the Middle East, restrict business with Israel and Israeli companies, and additional countries may impose restrictions on doing business with Israel and Israeli companies whether as a result of hostilities or otherwise. In addition, there have been increased efforts by activists to cause companies and consumers to boycott Israeli goods based on Israeli government policies. Such actions, particularly if they become more widespread, may have an adverse impact on Way2VAT's ability to sell its products, its business operations and financial performance.

(j) Global conflicts

The current evolving conflict between Ukraine and Russia and Israel and Palestine (**Ukraine and Gaza Conflicts**) is impacting global economic markets. The nature and

extent of the effect of the Ukraine and Gaza Conflicts on the performance of Way2VAT remains unknown. Way2VAT's Share price may be adversely affected in the short to medium term by the economic uncertainty caused by the Ukraine and Gaza Conflicts. The Directors are continuing to closely monitor the potential secondary and tertiary macroeconomic impacts of the unfolding events, including the potential of cyber activity impacting governments and businesses.

Further, any governmental or industry measures taken in response to the Ukraine and Gaza Conflicts, including limitations on travel and changes to import/export restrictions and arrangements involving the relevant countries may adversely impact Way2VAT's operations and are likely to be beyond the control of Way2VAT. Way2VAT is monitoring the situation closely and considers the impact of the Ukraine and Gaza Conflicts on Way2VAT's business and financial performance to, at this stage, be limited. However, the situation is continually evolving, and the consequences are therefore inevitably uncertain.

(k) Loss of key management personnel

Way2VAT is largely dependent on the performance of its management team and certain highly qualified employees, including data scientists, engineers and other research and development personnel, sales personnel and Way2VAT's continuing ability to attract and retain such employees.

The unplanned loss of the services of any of the Directors or members of senior management could materially and adversely affect the business of Way2VAT until a suitable successor can be found. There are limited persons with the requisite competencies to serve in these positions, and Way2VAT cannot provide any assurance that Way2VAT would be able to locate or employ such qualified personnel in a timely manner, on terms acceptable to Way2VAT or at all. The inability to attract and retain key and other highly qualified personnel could have a material adverse effect on the business, financial condition, results of operations and prospects of the business.

(l) Competitors and new market entrants

There is a risk that new entrants in the market which may disrupt Way2VAT's business and existing market share. Existing competitors as well as new competitors entering the industry, may engage in aggressive client acquisition campaigns, develop superior technology offerings or consolidate with other entities to deliver enhanced scale benefits. Such competitive pressures may materially erode Way2VAT's market share and revenue, and may materially and adversely impact Way2VAT's revenue and profitability.

A general increase in competition may also require Way2VAT to increase marketing expenditure or offer lower fees to clients, which would decrease profitability even if Way2VAT's market share does not decrease.

(m) Employee recruitment risk and retention

Way2VAT's ability to effectively execute its growth strategy depends upon the performance and expertise of its staff. Way2VAT relies on experienced managerial and highly qualified technical staff to develop and operate its technology and to direct operational staff to manage the operational, sales, compliance and other functions of its business. There is a risk that Way2VAT may not be able to attract and retain key staff or be able to find effective replacements in a timely manner. The loss of staff, or any delay in their replacement, could impact Way2VAT's ability to operate its business and achieve its growth strategies including through the development of new systems and technology.

There is a risk that Way2VAT may not be able to recruit suitably qualified and talented staff in a time frame that meets the growth objectives of Way2VAT. This may result in delays in the integration of new systems, development of technology and general business expansion, which may adversely impact Way2VAT's revenue and future profitability.

There is also a risk that Way2VAT will be unable to retain existing staff, or recruit new staff, on terms of retention that are as attractive to Way2VAT as past agreements. This would adversely impact employment costs and profitability.

(n) **Activities of fraudulent parties**

Way2VAT is exposed to risks imposed by fraudulent conduct, including the risks associated with inaccurate information being provided by clients. Although Way2VAT was put in place multiple checks and balances, including an automated and manual compliance systems, there is a risk that Way2VAT may be unsuccessful in defeating fraud attempts, resulting in inaccurate information being provided to the tax authorities.

Fraudulent activity may result in Way2VAT suffering losses due to fraud, a materially adverse impact to Way2VAT's reputation and bearing certain costs to rectify and safeguard business operations and Way2VAT's systems against fraudulent activity.

(o) **Protection and ownership of technology and intellectual property**

The business of Way2VAT depends on its ability to commercially exploit its technology and intellectual property, including the automatic invoice analyser technology, its technological systems and data processing algorithms. Way2VAT relies on laws relating to trade secrets, copyright and trademarks to assist in protecting its proprietary rights. However, there is a risk that unauthorised use or copying of Way2VAT's software, data, specialised technology or platforms will occur. In addition, there is a risk that the validity, ownership or authorised use of intellectual property relevant to Way2VAT's business may be successfully challenged by third parties. This could involve significant expense and potentially the inability to use the intellectual property in question, and if an alternative cost-effective solution were not available, it may materially adversely impact Way2VAT's financial position and performance. Such disputes may also temporarily adversely impact Way2VAT's ability to integrate new systems which may adversely impact Way2VAT's revenue and profitability.

There is also a risk that Way2VAT will be unable to register or otherwise protect new intellectual property it develops in the future, or which is developed on its behalf by contractors. In addition, competitors may be able to work around any of the intellectual property rights used by Way2VAT, or independently develop technologies or competing products or services that are not protected by Way2VAT's intellectual property rights. Way2VAT's competitors may then be able to offer identical or very similar services or services that are otherwise competitive against those provided by Way2VAT, which could adversely affect Way2VAT's business.

(p) **Way2VAT technology may be superseded by other technology or changes in business practice**

Way2VAT participates in a competitive environment. Information technology systems are continuing to develop and are subject to rapid change, while business practices continue to evolve. Way2VAT's success will in part depend on its ability to offer services and systems that remain current with the continuing changes in technology, evolving industry standards and changing consumer preferences. There is a risk that Way2VAT will not be successful in addressing these developments in a timely manner, or that expenses will be greater than expected. In addition, there is a risk that new products or technologies (or alternative systems) developed by third parties will supersede Way2VAT's technology. This may materially and adversely impact Way2VAT's revenue and profitability.

(q) **Government regulation and legal requirements**

Way2VAT is subject to the taxation laws in each respective jurisdiction that it operates and anti-money laundering/counter terrorism financing legislation in relation to clients. Outside of this Way2VAT is not currently subject to any other specific laws or regulations other than the laws and regulations applicable to business generally. There is a risk that a number of laws and regulations may be adopted with respect to Way2VAT's operations covering issues such as user privacy, pricing, intellectual property rights and information security which could limit the proposed scope of activities of Way2VAT.

(r) **Reliance on internet**

Way2VAT will depend on the ability of its clients to access the internet. Should access to the internet be disrupted or restricted, usage of Way2VAT's services may be adversely impacted.

(s) **Exposure to potential security breaches and data protection issues**

Through the ordinary course of business, Way2VAT collects a wide range of confidential information. Cyber-attacks may compromise or breach the technology platform used by Way2VAT to protect confidential information.

There is a risk that the measures taken by Way2VAT may not be sufficient to detect or prevent unauthorised access to, or disclosure of, such confidential information. Any data security breaches or Way2VAT's failure to protect confidential information could result in the loss of information integrity, or breaches of Way2VAT's obligations under applicable laws or agreements, each of which may materially adversely impact Way2VAT's financial performance and reputation.

(t) **Risk of litigation, claims and disputes**

Way2VAT may be subject to litigation and other claims and disputes in the course of its business, including contractual disputes, employment disputes, indemnity claims, and occupational and personal claims. Even if Way2VAT is ultimately successful, there is a risk that such litigation, claims and disputes could materially and adversely impact Way2VAT's operating and financial performance due to the cost of settling such claims, and affect Way2VAT's reputation.

4.2 **General Risks**

(a) **Potential fluctuations in the price of Shares**

There are risks associated with any listed company investment. Some of these risks are listed below. The price at which Shares are quoted on ASX may be subject to fluctuations in response to factors such as:

- (i) changes to government fiscal, monetary or regulatory policy, legislation or the regulatory environment in which Way2VAT operates;
- (ii) changes in financial outcomes estimated by securities analysts;
- (iii) changes in the market valuation of other comparable companies and the nature of the market in which Way2VAT operates;
- (iv) announcements by Way2VAT or its competitors of significant acquisitions;
- (v) an event of force majeure, such as terrorism, fire, flood, earthquake, war or strikes;
- (vi) fluctuations in the domestic and international market for listed stocks;
- (vii) fluctuations in general domestic and global economic conditions, including interest rates and exchange rates; and
- (viii) other events or factors which may be beyond Way2VAT's control.

There is a risk that broader market and industry factors may materially and adversely impact the price of the Shares, regardless of Way2VAT's operating performance and may cause the Shares to trade at prices below the Issue Price. There is no assurance that the price of the Shares will increase following the quotation on ASX.

(b) **Liquidity of Shares**

There can be no guarantee that there will be an active trading market for Shares quoted on ASX. There may be relatively few potential buyers or sellers of Shares on ASX at any given time.

(c) **Exposure to general economic and financial market conditions**

General domestic and global economic conditions may adversely impact the price of Shares for reasons outside Way2VAT's control. This includes increases in unemployment rates, negative consumer and business sentiment and an increase in interest rates, amongst other factors. There is a risk that Shares may trade on ASX at a price below the

Issue Price for a wide variety of reasons, not all of them related to the financial performance of Way2VAT.

(d) **Exposure to changes in tax rules or their interpretations**

Tax rules or their interpretation for both Way2VAT and its Shareholders may change. There is a risk that both the level and basis of taxation may change both in Australia and in foreign jurisdictions where Way2VAT currently transacts, as well as new markets it may enter in the future. The tax considerations of investing in SPP Shares may differ for each Shareholder. Each prospective investor is encouraged to seek professional tax advice in connection with any investment in Way2VAT.

(e) **Insurance risks**

Way2VAT intends to insure its operations in accordance with industry practice. However, in certain circumstances, Way2VAT's insurance may not be of a nature or level to provide adequate insurance cover or insurers may decline to continue to insure Way2VAT's operations or reduce available coverage. The occurrence of an event that is not covered or fully covered by insurance could have a material adverse effect on the business, financial condition and results of Way2VAT.

(f) **Accounting standards**

Changes to any applicable accounting standards or to any assumptions, estimates or judgements applied by management in connection with complex accounting matters may adversely impact Way2VAT's financial statements, results or condition.

(g) **Unforeseen risk**

There may be other risks of which the Directors are unaware at the time of issuing this Prospectus which may impact Way2VAT, its operations and/or the valuation and performance of Shares. This is particularly so for an early-stage business such as Way2VAT's, where there is limited operating history and experience. The above list of key risks ought not to be taken as exhaustive of the risks faced by Way2VAT or by investors in Way2VAT. The above risks and others not specifically referred to above may in the future materially affect Way2VAT, its financial performance or the value of Shares.

4.3 **Investment Highly Speculative**

The above list of risk factors ought not to be taken as exhaustive of the risks faced by the Company or by investors in the Company. The above factors and others not specifically referred to above, may, in the future, materially affect the financial performance of the Company and the value of the New Securities offered under this Prospectus. Therefore, no assurances or guarantees of future profitability, distributions, payment of dividends, return of capital or performance of the Company or its securities can be, or is, provided by the Company.

Before deciding to invest in the Company, potential investors should read this Prospectus in its entirety and the Company's ASX announcements and, in particular, should consider the risk factors that could affect the financial performance of the Company. Applicants should carefully consider these factors in light of their personal circumstances and should consult their professional advisers (for example, their accountant, stockbroker, lawyer or other professional adviser) before deciding whether to invest.

Neither the Company nor its officers, employees, agents and advisers guarantee that any specific objectives of the Company will be achieved or that any particular performance of the Shares and Options, including the New Securities offered under this Prospectus, will be achieved.

The SPP Options, Placement Options and Convertible Note Options offered under this Prospectus carry no entitlement to dividends or returns of capital and no guarantee with respect to the value of, nor availability of a market to transfer, those Options.

Shares carry no guarantee with respect to the payment of dividends, returns of capital or the value of, nor availability of a market to transfer, Shares.

Potential investors should consider that the investment in the Company is highly speculative and should consult their professional advisers before deciding whether to apply for New Securities. The above list of risk factors ought not to be taken as exhaustive of the risks faced by the Company or by investors in the Company.

5 Additional Information

5.1 Rights and Liabilities Attaching to Shares

A summary of the rights attaching to Shares is detailed below (noting that the SPP Shares would, from their time of issue, be subject to the same terms and conditions as other Shares). This summary is qualified by the full terms of the Articles (a full copy of the Articles is available from the Company on request free of charge) and does not purport to be exhaustive or to constitute a definitive statement of the rights and liabilities of Shareholders. These rights and liabilities can involve complex questions of law arising from an interaction of the Articles with statutory and common law requirements. For a Shareholder to obtain a definitive assessment of the rights and liabilities that attach to Shares in any specific circumstances, the Shareholder should seek legal advice.

(a) General Meetings

Subject to the provisions of the Companies Law, the Company is required to hold an annual general meeting once each calendar year.

The Company is required to give Shareholders a notice of a meeting of Shareholders as required by the provisions of the Companies Law and other applicable laws. Each Shareholder is entitled to receive notice of, attend and vote at general meetings of the Company and to receive all notices required to be sent to Shareholders under the Companies Law, Articles and Listing Rules.

Under the Articles, Shareholders holding 1% or more of the outstanding voting rights in the Company may request, subject to the Companies Law, that the Directors include a proposal on the agenda of a general meeting to be held in the future, provided that the Shareholder gives timely notice of such request to the Company and the request complies with the requirements of the Articles, applicable law and stock exchange rules. The Articles detail the information that must be included in such a request, and the timing requirements.

In addition to the ability to request Directors to include a proposal on the agenda of a general meeting, under the Companies Law, Shareholder(s) holding either:

- (i) 5% or more of the outstanding share capital and 1% or more of the voting rights in the Company; or
- (ii) 5% or more of the outstanding voting rights in the Company,

have the right to requisition a special general meeting, provided the request complies with the requirements of the Articles, applicable law and stock exchange rules.

(b) Voting rights

Subject to the Articles and the Companies Law, at a general meeting:

- (i) every holder of Shares shall have one vote for each Share held by such Shareholder of record or in his name with an "exchange member" and held of record by a "nominees company" (as such terms are defined under Section 1 of the Companies Law), on every resolution, without regard to whether the vote thereon is conducted by a show of hands, by written ballot or by any other means; and
- (ii) two or more Shareholders (not in default in payment of any sum referred to in the Articles), present in person or by proxy and holding Shares conferring in the aggregate at least 25% of the voting power of the Company, shall constitute a quorum at general meetings.

Any Shareholder entitled to vote may vote either personally or by proxy (who need not be a Shareholder), or, if the Shareholder is a company or other corporate body, by a representative authorised pursuant to the Articles.

If two or more persons are registered as joint holders of any Share, the vote of the senior who tenders a vote, in person or by proxy, shall be accepted to the exclusion of the vote of

the other joint holder; and for this purpose seniority shall be determined by the order in which the names stand in the Register.

General meetings may be held telephonically or by any other means of communication, provided that each Shareholder participating in such meeting can hear all of the other Shareholders participating in such meeting.

(c) **Dividend rights**

The Board may from time to time declare, and cause the Company to pay, such interim or final dividend as, in the opinion of the Board, the profits of the Company justifies and as permitted by applicable law. The Board shall determine the time for payment of such dividends, and the record date for determining the Shareholders entitled thereto.

Subject to any special terms and conditions of issue, the amount which the Board from time to time determine to distribute by way of dividend are divisible among the Shareholders in proportion to the amounts paid up on the Shares held by them. No unpaid dividend or interest shall bear interest against the Company.

(d) **Shareholder liability**

The liability of each Shareholder for the Company's obligations is limited to the unpaid sum, if any, owing to the Company in consideration for the issuance of the Shares held by such Shareholder. If at any time the Company shall issue Shares with no nominal value, the liability of the Shareholders shall be limited to the payment of the amount which the Shareholders should have paid the Company in respect of each Share in accordance with the conditions of such issuance and was not paid to the Company.

(e) **Transfer of Shares**

Subject to the Articles, Companies Law, the Listing Rules and ASX Settlement Rules, Shares may be transferred by a proper transfer effected in accordance with ASX Settlement Rules, by a written instrument of transfer which complies with the Articles or by any other method permitted by the Companies Law, Listing Rules or ASX Settlement Rules as may be satisfactory to the Board, which has been submitted to the Company (or its transfer agent), together with such other evidence of title as the Board may reasonably require.

The Board may refuse to register a transfer of Shares where permitted to do so under the Articles, Listing Rules or ASX Settlement Rules. The Board must not refuse to register a transfer of Share when required by the Listing Rules or ASX Settlement Rules.

(f) **Variation of Rights**

At present, the Company's only class of shares is ordinary shares. Subject to the Articles, the Companies Law, the Listing Rules and the terms of issue of a class of shares, the rights attaching to any class of shares may be varied or cancelled by:

- (i) an ordinary resolution passed by Shareholders; and
- (ii) subject to (i) above, any right or limitation expressly provided for a benefit or protection of a specifically named Shareholder or class of Shares may not be modified, abrogated or waived without the prior written consent of such Shareholder, or majority holders of such class of shares (on an as converted basis).

(g) **Alteration of Articles**

The Articles can only be amended by a simple majority of the votes cast at a general meeting. The Company must give a written notice of its intention to propose a resolution as a special resolution as required by the provisions of the Companies Law, related regulations and other applicable laws.

(d) **Notice of Exercise**

The Options may be exercised by notice in writing to the Company (in a form acceptable to the Company), (**Option Exercise Form**) and payment to the Company of the applicable Exercise Price for each Option being exercised in Australian currency by electronic funds transfer or other means of payment acceptable to the Company. Any Option Exercise Form for an Option received by the Company will be deemed to be a notice of the exercise of that Option as at the date of receipt.

(e) **Shares issued on exercise**

Shares issued on exercise of the Options rank equally with the then Shares of the Company and are free of all encumbrances, liens and third party interests. Upon issue of the Shares, the Holder agrees to become a member of the Company and to be bound by the Articles.

(f) **Quotation of Shares**

(g) **Timing of Issue of Shares and Quotation of Shares on Exercise**

Within five (5) Business Days after receipt of an Option Exercise Form given in accordance with these terms and conditions and payment of the applicable Exercise Price for each Option being exercised, the Company will:

- (i) allot and issue the number of Shares required under these terms and conditions in respect of the number of Options specified in the Option Exercise Form and for which cleared funds have been received by the Company; and
- (ii) if admitted to the official list of the ASX at the time, apply for Official Quotation on the ASX of Shares issued pursuant to the exercise of the Options.

(h) **Participation in new issues**

A Holder who holds Options is not entitled to:

If the Company makes a bonus issue of Shares or other Securities to existing Shareholders (other than an issue in lieu of, or in satisfaction of, dividends or by way of dividend reinvestment):

- (i) the number of Shares which must be issued on the exercise of an Option will be increased by the number of Shares which the Holder would have received if the Holder of an Option had exercised the Option before the record date for the bonus issue; and

(j) **Adjustment for rights issue**

(k) **Adjustment for reorganisation**

If there is any reorganisation of the capital of the Company, the rights of the Holder will be varied to comply with the Listing Rules that apply to the reorganisation at the time of the reorganisation.

(l) **Quotation of Options**

The Company will apply for Official Quotation of the Options on the ASX. Subject to satisfying the ASX requirements for quotation as an additional class and subject to ASX granting Official Quotation, the Options would be quoted on the ASX. If the ASX requirements are not satisfied, then the Options will not be quoted on the ASX.

(m) **Options transferable**

The Options are transferrable subject to compliance with the Corporations Act.

5.3 **Company is a Disclosing Entity**

The Company is a 'disclosing entity' (as defined in section 111AC of the Corporations Act) for the purposes of section 713 of the Corporations Act, and, as such, is subject to regular reporting and disclosure obligations. Specifically, like all listed companies, the Company is required to continuously disclose any information it has to the market which a reasonable person would expect to have a material effect on the price or the value of the Company's securities. The SPP Options, Placement Options and Convertible Note Options are options over the Shares. The Shares have been quoted on the official list of the ASX during the three months prior to the issue of this Prospectus (and the SPP Shares will, upon their issue, be in the same class as existing the Shares on issue).

This Prospectus is a 'transaction specific prospectus' to which the special content rules under section 713 of the Corporations Act apply. That provision allows the issue of a more concise prospectus in relation to an offer of securities, or options to acquire securities, in a class which has been continuously quoted by the ASX in the three months prior to the date of the prospectus. In general terms 'transaction specific prospectuses' are only required to contain information in relation to the effect of the Offers on the Company and the rights attaching to the New Securities (and the rights attaching to underlying Shares upon exercise of the SPP Options, Placement Options and Convertible Note Options). It is not necessary to include general information in relation to all of the assets and liabilities, the financial position, profits and losses or prospects of the issuing company.

This Prospectus is intended to be read in conjunction with the publicly available information in relation to the Company which has been notified to the ASX, and does not include all of the

information that would be included in a prospectus for an initial public offering of securities in an entity that is not already listed on a stock exchange. Investors should therefore have regard to the other publicly available information in relation to the Company before making a decision whether or not to invest.

Having taken such precautions and having made such enquires as are reasonable, the Company believes that it has complied with the general and specific requirements of the ASX as applicable from time to time throughout the three months before the issue of this Prospectus which required the Company to notify the ASX of information about specified events or matters as they arise for the purpose of the ASX making that information available to the stock market conducted by the ASX.

Information that is already in the public domain has not been reported in this Prospectus other than that which is considered necessary to make this Prospectus complete.

The Company, as a disclosing entity under the Corporations Act states that:

- (a) it is subject to regular reporting and disclosure obligations;
- (b) copies of documents lodged with the ASIC in relation to the Company (not being documents referred to in section 1274(2)(a) of the Corporations Act) may be obtained from, or inspected at, the offices of the ASIC; and
- (c) it will provide a copy of each of the following documents, free of charge, to any person on request between the date of issue of this Prospectus and the Closing Date:
 - (i) the annual financial report for the year ended 30 December 2022 as lodged with ASX on 31 March 2023 (**Annual Report**), being the most recent annual financial report of the Company lodged with the ASIC before the issue of this Prospectus;
 - (ii) the Company's financial report for the half year ended 30 June 2023 lodged with ASX on 30 August 2023 (**Half Year Report**), and
 - (iii) any continuous disclosure notices announced by the Company to the ASX after the lodgement of the Annual Report referred to in paragraph (i) above and before the lodgement of this Prospectus with ASIC.

Copies of documents lodged with the ASIC in relation to the Company may be obtained from, or inspected at an ASIC office (refer to Section 5.4 below).

5.4 Copies of Documents

Copies of documents lodged by the Company in connection with its reporting and disclosure obligations may be obtained from, or inspected at, an office of ASIC. The Company will provide free of charge to any person who requests it during the period of the Offers, a copy of:

- (a) the Annual Report;
- (b) the Half Year Report; and
- (c) the continuous disclosure notices announced by the Company to the ASX since the Company lodged its Annual Report and before the lodgement of this Prospectus with ASIC, which are as follows:
